Verse:

My friend Tom can't find a job
He's feeling kinda blue
Says "Hasn't anybody got some work for me to
do?"
Cheer up Tom, it ain't so bad
There's no work to be found
There's still plenty of idleness
Enough to go around! We need...

Chorus:

The four-hour day, the four-hour day
That's four hours' work for eight hours' pay
If there's no work, well that's okay
We'll spend our time some other way
We've all gotta eat, that's why we say
Let's have the four-hour day!

Verse:

Hey, I just thought we do a lot

Stop trying to make profit?
It seems to me that suddenly
We all could take time off! It's called...

Chorus (repeats)

Bridge:

If there's no work to do in the orchard
I guess we have apples aplenty
Bake a pie with four and twenty
Eat with all of you

Verse:

They say it is the devil's workshop
I don't think that's true
Idleness does me more good
Than hours of working do
And on the day we hare the labor
And we share the wealth
We will also share the leisure
For the public health. We want...

Chorus (repeats)
